

STILL ALL AT SEA.

The Outcome at Chicago Only Guess Work.

A REMARKABLE GATHERING.

With Three-Fourth of the Delegates on the Ground It Is So Hedged About by Conditions That Little Can Be Foreseen as to Candidates—It Is Still Everybody's Choice So Far.

CHICAGO, July 6.—The Democratic national convention will be one of the most remarkable conventions in the history of American politics. With the convention but 36 hours away and almost three-fourths of the delegates on the ground it is so hedged about by conditions that little can be foreseen as to candidates.

The Teller boom seems to be laying dormant just at present and the two leading candidates are Bland and Boies. The boomers of both are arriving in force and their headquarters are besieged by marching clubs headed by brass bands and the countless thousands of shouters who tumble along in their wake. The Iowa candidate's managers have received many assurances of support from the south and west and, although Bland is still hailed and heralded as the logical candidate and is undoubtedly gaining ground, he has some weak points in the present arraignment of his lines.

The Matthews boom seem to have been shattered by the row in the Indiana delegation between the gold and silver delegates over the question of retiring National Committeeman Sheerin. It is evident that Governor Matthews made, perhaps, a fatal blunder in insisting that several of his personal friends who were for gold should go on the delegation.

The Blackburn boom does not seem to be progressing, but John R. McLean of Ohio, the proprietor of the Cincinnati Enquirer, is developing into a power in the convention. He is surrounded by trained politicians, whose touch is felt everywhere. Although they are quietly urging him for first place on the ticket it is understood that his aim is to secure the nomination for vice president. His corporate interests are militating against him, but his power is evident that there is a prevailing feeling that he can secure second place on the ticket. It is said that the Bland managers have tried to make a combination with him despite the fact that it is pretty well known that Mr. McLean himself believes that Teller would be the strongest man to nominate.

There is less talk of a bolt by the gold men and it is openly discouraged by Senator Hill, Mr. Whitney and others. Still it is plain that a great many of the gold men will refuse to support a silver candidate and some quietly canvassed the advisability of placing a gold ticket and gold candidate in the field. The advantage to be gained by them from this course, they argued, would be the same which came to those who refused to support Greeley in 1872. Those who were dissatisfied with Greeley nominated O'Connor of New York and after Greeley's defeat it was by their organization that the party was reorganized and placed on a footing again.

The gold men propose to inaugurate the fight the moment the gavel is dropped by Chairman Harrity. They are resolved upon offering a gold man to the convention for temporary chairman despite the protests of the silver leaders and Senator Hill is the man upon whom their choice has fallen. The silver leaders have the utmost respect for Hill, but they and their followers are determined that the silver man shall assume the gavel and that the first utterance in the convention should be unequivocally for silver.

Senator Hill is the undoubted choice of the national committee. He is also the one man from the east of the national prominence who is willing to test his popularity before the convention. It has been claimed by the gold men that the silver friends of Senator Hill in both house and senate, many of whom are delegates to the convention, would have sufficient strength and would use their influence to secure his election as temporary chairman if he should be named. But it is now well understood that the silver men will not vote for anybody but a silver man for chairman.

There are quite a number of silver men who are earnestly in favor of Congressman Richardson of Tennessee for temporary chairman. Richardson has frequently presided in the house of representatives and was selected by Speaker Crisp for chairman of the committee of the whole during the long debate on the Wilson tariff bill. He is a good parliamentarian and would make a good officer provided his voice could reach all parts of the convention hall. But those who are pushing his candidacy are met by others who are making every effort to have Senator Harris of Tennessee made temporary or permanent chairman. Of course, if Richardson should

be selected for temporary chairman another Tennessee man could not be made permanent chairman. The silver men are considerably disturbed over this situation of affairs and scarcely know which way to turn to get out of the dilemma.

Congressman Bryan of Nebraska has been generally spoken of, but the fact that his delegation is contested makes his selection as temporary chairman one of doubtful expediency. Yet it is quite possible that it will make no difference whether a man was a delegate or not in the selection of a temporary presiding officer, because members of the national committee hold that the committee has the right to go outside of the convention for a temporary officer.

The silver men say that between now and the time when the convention is called to order the differences will be adjusted and some man agreed upon for temporary chairman.

Southern Delegates Arriving.

CHICAGO, July 6.—The Texas delegation, headed by Governor Culberson, Congressman Bailey, ex-Governor Hogg and Senator Chilton, are here and will soon be organized. The delegation is solid for silver and is instructed for Bland with the condition attached that it shall vote for Bland unless, in the judgment of the delegation, it should be decided that he was not the most available man.

All are instructed for silver but have not yet declared their presidential preferences. Congressman Bankhead says he thinks the Alabama delegations will be for Boies. The Mississippi delegation also arrived yesterday headed by Senator George D. Walthall and Senator McLaurin and Senator-elect Money. They are solid for silver but as yet have not announced their presidential preferences.

Reform Club Work.

CHICAGO, July 6.—Representatives of the New York and Massachusetts reform clubs have arrived and opened headquarters at the Victoria. Their efforts are to be devoted to the advancement of the gold standard propaganda, and besides their personal argumentative work they are distributing much gold literature. Robert Grier Monroe, Lawrence T. Sexton are at the head of the New York contingent, and Charles Warren, secretary of the Massachusetts club, and Henry W. Lamb are leading the Massachusetts delegation.

Populists For Teller.

CHICAGO, July 6.—A number of Populist leaders who are in the city held a meeting last night and decided to issue a manifesto declaring that Senator Teller is the only man whose name is mentioned for the Chicago nomination that they will support. They take the position that to endorse a nominee who is a Democrat would result in the disintegration of their party.

Only Woman Present

CHICAGO, July 6.—Mrs. Ellen B. Ferguson will be the only woman who will occupy a seat in the convention. She is an alternate from Utah. The delegation arrived last night and at a meeting voted to vote for Bland for president.

CRISIS COMING.

Foreign War Ships Will Land Troops in Crete and Attack the Turks.

NEW YORK, July 6.—A dispatch to The Herald from Philippopolis says: The consuls of the European powers are sending pessimistic accounts of the way in which hostilities are being conducted in Crete. The situation is such that, should the porte persist in its present line of conduct, foreign men-of-war may land troops in the island.

The Armenian patriots, Zmarlian, has asked permission to resign. Further outbreaks seem inevitable. The Turkish battalions at Jiddah who mutinied on account of receiving no pay have deserted with their arms and munitions. There are no troops available to put down this revolt. The porte, foreseeing complications in Greece, Macedonia and Syria, is about to mobilize all the troops of the Redif, or Landwehr. The porte has subvented newspapers in Vienna, Berlin and Paris.

The insurgent druses repelled the attack of the Turkish column and killed 18 of its officers.

Several of the ambassadors tell me that a serious crisis is imminent. The ambassadors will shortly present a demand that the porte shall cease hostilities in Crete. The Turkish censorship is suppressing telegrams.

DEADLY DUEL.

Two Men Dead, One a Farmer the Other the Town Marshal.

RUSSELLVILLE, Ky., July 6.—A deadly duel took place near Adairville, this county, late Saturday afternoon. Dick Younger, a farmer and desperate man, went to the little town, loaded up on whisky, and as he rode out of town fired his pistol several times.

H. H. Harmon, the town marshal, jumped on a horse and started after Younger. An hour later both men were found dead about one mile from the town. Younger was lying in a field a few feet from the road and Harmon was in the middle of the road. Both men had been shot through the heart and only one chamber in each revolver had been discharged. There were no eyewitnesses to the deadly encounter.

William Younger, a brother of Dick, was killed in Adairville with a base ball bat by Dates Patterson about four years ago. The Youngers were relative of the famous Younger outlaws. Harmon killed two men in Tennessee at one time several years ago. He was the only man the town of Adairville has had for a number of years who could keep order in the town.

CHRISTIAN ENDEAVOR

A Great Time Expected in Washington This Week.

FIFTY THOUSAND VISITORS.

Fifteenth International Christian Endeavor Meeting in Washington—Fully Prepared to Entertain All That May Be Present. An Attractive City—Decorations to Be Seen Everywhere—The Program.

WASHINGTON, July 6.—Between 40,000 and 50,000 visitors to the capital city are expected during the next 10 days to attend the sessions of the fifteenth international Christian Endeavor convention which begins on Wednesday, the 8th inst., and continues through the 13th. A vast amount of work preparing the program for the convention and for the reception and entertainment of the endeavorers has been done by the local committee.

From the enthusiasm which has been apparent all over the country as disclosed by the communications that have been received by the local committee and the intense interest taken in the convention, it seems to be assured that the gathering will be the greatest of its kind ever held. A combined seating capacity of 40,000 will be available at any time during the convention and the meeting places will be more numerous than heretofore. Three great tents pitched on the White lot, a government reservation just south of the president's mansion, a large hall and a number of the churches will constitute the principle auditoriums and at certain times meetings will be held simultaneously in all.

Aside from the interior decorations of the tents and churches the citizens of Washington, particularly the merchants, have entered into the spirit of the convention and joined in making the city attractive by liberal decorations of their homes and places of business. Shop windows are bright with convention colors, shields and other devices in colors bearing the word "Welcome" are prominently displayed and fronts of stores and buildings are draped. The government authorities have lent their assistance in decorating the public parks with appropriate foliage devices, which include the working out in plants and flowers of the familiar "C. E." monogram combinations of the letters "Y. P. S. C. E.," the convention flag in colors and other devices with scroll work.

A prominent feature of this year's convention will be the great chorus of about 4,000 voices which has been in training a long time for the gathering.

The program committee has had in mind the bicyclists who attend the convention, and for them a number of runs to interesting points in the vicinity have been arranged.

The program for the meetings of the convention is about completed. In general it contemplates early morning prayer meetings in the churches of the various denominations from 6:30 until 7:15 o'clock. From 9:30 o'clock are to be held the meetings for addresses, reports, praise and the discussion of various topics in the large tents and some of the large halls and churches. In the afternoon, scattered throughout the convention days, there will be denominational rallies in the several churches, officers and committee conferences, denominational missionary rallies and an informal reception to all officers of the state, territorial and provincial Endeavor unions by the officers and trustees of the United Society of Christian Endeavor. The evening sessions are to be similar in many respects to those held during the morning.

TOO MUCH "PATRIOTISM."

Hot Poker Driven Through a Boy With No Forethought.

ST. ALBANS, Vt., July 6.—George D. Simpson, aged 20, son of Mrs. James A. Chamberlain, was probably fatally injured by a red hot iron shot from a cannon, which passed through his body.

The cannon was an iron three-quarters bore affair, mounted on a carriage. A lot of paper had been wadded into the barrel, and to get it out he put in several charges of powder. Instead of discharging the paper the powder simply flashed. He then decided to burn out the paper. He heated a poker in the stove, and, taking the red-hot iron, stooped over the cannon and thrust it deep into the barrel. There was a loud report, and Simpson screamed to his mother, "Pull it out! Pull it out!"

The iron had been driven through a leather covered book in his pocket and entirely through his body, passing through his right lung and the point just puncturing the skin under his shoulder blade. Mrs. Chamberlain seized the iron to pull it out. She had to pull with all her strength before she could remove it. It sizzled, and smoke curled from the bleeding wound, but he was heedless of pain. The mother grasped the hot iron which took the flesh off from her hands. When she threw it down the iron scorched the floor. Simpson's lung was so badly punctured that the air rushes out at every breath. It is also impossible for him to breathe lying down. He will die.

Observing the Fourth Abroad.

VENICE, July 6.—In honor of the American warship lying here on the Fourth of July, all of the vessels in the basin of St. Mark were ordered to hoist their gala flags on that occasion. The Italian dispatch vessel Galileo also fired a salute of 21 guns. The United States consul, Mr. Henry A. Johnson, gave a banquet to the American colony in honor of the day.

TO A TREE.

A Masked Mob Hangs a Prisoner Who Nearly Killed a Family.

ROCKVILLE, Md., July 6.—Sidney Randolph, a negro, charged with the murder of Sadie Baxton, and with brutal assaults with intent to commit murder on the girl's father, mother and elder sister during the night of May 25, at the home of the Baxtons, near Gathersburg, was lynched before day's light Saturday morning by a mob of determined men, who overcame the sheriff and forced him to surrender the keys to the jail. The negro protested his innocence of the crime to the last.

About 2:30 o'clock in the morning Charles H. M. Peyton, jailer, was aroused from his sleep by loud rappings at the front door of the jail. When he inquired who was there he was told to open the door to receive a prisoner. He did so, and found confronting him a mob of 20 or 30 masked men. He quickly slammed the door in their faces and locked it, only to have it broken down a few minutes later. The crowd rushed in and demanded that he unlock the cell door. Meeting a refusal, they leveled revolvers at Peyton's head and directed him to hand over his keys, which he did promptly.

There was a struggle at the cell, which was finally opened. A rope was thrown around the prisoner's neck and he was dragged to a tree and strung up.

FATAL WORK OF KNIVES.

Four Men Fatally Wound Two of Three Opponents.

WAVERLY, O., July 6.—A probable double murder occurred at 5 o'clock Saturday afternoon at the new Emmitt House. In a free-for-all fight between William Vulgamore, Isaac Snell, Charles Vulgamore and one Hawkins, all of Big Run, this county, on one side, and William Woods, Stacey Woods and Frank Yabraus, all of Waverly, on the other, the latter trio were fearfully cut.

Yabraus' breast was laid open for 15 inches. He will die. Stacey Woods had his back nearly cut into two, besides other slashes. He, too, will probably die. Will Woods was cut across the forehead. The knife which did the greatest damage is said to have been a 6-inch dirk with a large bone handle. The murderers mounted their horses, near at hand, and, putting spurs, left in a cloud of dust in the direction of their homes.

DEED OF DESPERADOES.

They Terrorize Women and Wind Up by One Shooting the Other.

HARRISBURG, Ky., July 6.—In Adair county two men named Tuggle and Combest visited several farm houses and shot a number of sheep, hogs and chickens. They then went to the home of Welby Williams, a prominent citizen. Mr. Williams was not at home, and his wife was alone with her two children, the youngest only a few days old.

The men entered the house yelling and cursing at the top of their voices, frightening the lady so badly that she grabbed the children and fled. The two then destroyed the furniture and tore up several beds. Shortly after leaving the Williams place the two had a misunderstanding, and Tuggle shot Combest, inflicting a wound that will prove fatal. Tuggle then carried the wounded man to the home of a Mr. Ford, nearby, and immediately left, saying he was going for a doctor. He has not been seen since.

IDLE WORKMEN.

Twelve Hundred Alabamians Out by a Shutdown.

BIRMINGHAM, Ala., July 6.—The Birmingham rolling mills and the Alabama Rolling Mill company's mills at Gate City, employing more than 1,200 men, have shut down. It is given out that the mills will only be idle for a couple of months to tide over the heated term and make necessary repairs to machinery, and also work down some of the stock on hand.

Many of the employees are from Ohio and a number of them are leaving on every train to spend their vacations in the Buckeye state. The cheap rates offered on the railroads on account of the Elks' meeting in Cincinnati this week will attract quite a number to the Queen City and other places in that state.

Fought Over Fireworks.

MOONSVILLE, W. Va., July 6.—The Fourth of July celebration here wound up Saturday evening with a serious cutting affray. Ralph Parkinson got into an altercation with Tim Whalen about the reckless use of fireworks. Robert Walker, acting as peacemaker, got a peacemaker's usual dose, George Whalen breaking his nose. Parkinson drew a knife and stabbed Tim Whalen under the chin, making a wound that barely missed the big artery and causing a wound that may prove fatal.

Triple Alliance Renewed.

ROME, July 6.—Ex-Premier Crispi has telegraphed to The Reforma from Naples an explanation of the triple alliance between Germany, Austria-Hungary and Italy. He says that the alliance is a defensive and not an aggressive one, and that the three powers who are parties to it mutually guarantee the maintenance of the territorial status quo. The triple alliance, ex-Premier Crispi says, was renewed for 12 years in 1889.

CAIRO, July 6.—Cholera is still raging in Fiyoun province and elsewhere in Egypt. There have been 27 cases of the disease with nine deaths from it amongst the Egyptian troops at Wady-Halfa.

A DIFFERENT CHURCH

McKinley Changes His Program For Sunday.

SOME OF THE PEOPLE FOOLED.

Sermon Appropriate to the Fourth of July Season—The Customary Drive Taken in the Afternoon—McKinley's Present Plans Are to Remain in Canton For Some Time.

CANTON, O., July 6.—Governor McKinley went to church yesterday morning, but instead of going to the First Methodist Episcopal church of which he is a trustee, and where he and his mother most generally occupy a pew, he went to Trinity Lutheran, where Rev. Dr. D. H. Banslin preached a patriotic sermon appropriate to the Fourth of July season.

The discourse was rich with historical thought, a bright picture of the nation's achievements and a logical argument for God's guiding hand in every crisis in the nation's history, but made no reference, either direct or indirect, to the presidential nominee, or any other one of note living today. The theme was carried only to the time of President Lincoln.

Governor and Mrs. McKinley took their customary drive during the afternoon and also received quite a number of social callers. The visitors were largely residents of this city or vicinity, but among them was Charles Brackenburgh, prominent in New York.

Governor McKinley's present plans contemplate but one day's absence from Canton in the immediate future, and that is a day in Cleveland, when he will probably be the guest of Mr. Hanna. He may go to the Cleveland centennial for a short time. Pressing invitations have been given him but he has not fully decided.

SWIFT JUSTICE PROBABLE.

Prominent Young Lawyer Killed by a Horseman in Kentucky.

GLASGOW, Ky., July 6.—A deplorable tragedy, the result of previous trouble and ill-feeling between the principals, occurred at 1:30 o'clock Saturday at Edmuntton, the county seat of Metcalf county. Albert Scott, a prominent young lawyer of this place, was shot and almost instantly killed by Nick Ray, a well known horseman of Edmuntton. Scott and Ray had trouble before, growing out of a lawsuit between them over the boundary line to a lot in Edmuntton, and Saturday evening Scott went to Edmuntton to be present and assist in taking depositions in the case.

After dinner Scott, with one of his attorneys and several other parties, walked over to view the ground about which there was dispute, and he met Ray there unexpectedly. As soon as Ray saw Scott he exclaimed: "There is the thieving —," to which Scott replied: "None of that now, Ray," whereupon Ray, who had drawn his pistol, immediately shot him. As Scott, who was unarmed, fell to the ground he cried out: "Nick, don't kill me." Ray continued shooting until he emptied his pistol and killed his man, and then fled.

He has not yet been apprehended, and Scott's relatives have offered \$200 reward for his arrest, and have also wired Marshal Neighbors of Elizabethtown to come to Edmuntton and bring bloodhounds.

Because of the prominence of the parties and their acquaintance, there has been a great deal of excitement over the killing, and it is believed that Ray will meet swift justice if caught.

PREACHER USES A DIRK.

He Curves a Witness Against Him in a Shooting Case.

VANCEBURG, Ky., July 6.—Rev. Leonard Penrod, who gained national notoriety last year for shooting a church member, John Slade, while in an argument on baptism, has added to his reputation. Saturday afternoon he went to a ball game at the mouth of Fuller creek, and, approaching one of the spectators, William Carver, a quiet young man, the reverend gentleman drew a dirk and said:

"I intend to put your heart's blood on the point of this knife." Thereupon he made a slash at the young man, and it is said cut his hand off. Carver testified against the preacher in the Slade shooting. Rev. Penrod has fled, but it is expected that he will soon be caught.

Quiet in Guatemala.

GUATEMALA, July 6.—All the troops have returned from the frontier and absolute quiet now prevails throughout the country. The general army review was one of the grandest sights seen here and President Reyna Barrios was enthusiastically cheered by the populace. The preliminary work of the coming exposition is fast being finished and the general interest taken is on the increase. Banks and business from the latest reports are in a flourishing condition.

Riot at a Colored Picnic.

BALTIMORE, July 6.—A riot occurred at a colored picnic at Lech Raven, near this city, Saturday night. The sheriff attempted to arrest a negro named Butler who had drawn a revolver on a companion. Without a moment's warning about 50 colored men charged the sheriff and his deputies, beating them and hurling stones at them. They emptied their revolvers into the crowd, and wounded six, one seriously. Many arrests were made.

DO NOT BE UNREASONABLE IN YOUR STRICTURES.

In the madness of the hour the demagogues who have come to the front seize upon the opportunity presented to abuse President Cleveland and Secretary Carlisle for a condition which they can not help and for which they are in no wise responsible, truthfully observes the Georgetown (O.) News-Democrat. They do not make the laws. Their duties are to enforce the statutes as they find them. It is not necessary to add that much of this unwarranted abuse comes from men who have been disappointed in obtaining place or social recognition at the hands of the present administration. It is not good politics for the Democratic party to lend itself to any scheme which has for its object the evening-up of private disappointments. We are lead into this strain of moralizing by the following clipping taken from the Columbus Record, a paper owned and edited by John McBride, the great labor leader of Ohio, and who, himself, stands at the head of the free silver agitators of the State. If he can afford to be fair certainly every man who has not some private or personal grudge to avenge can afford to be equally fair. Here is the clipping:

The drain on our gold reserve cannot be attributed to an adverse balance of trade resulting from the repeal of the McKinley law, for such adverse balance did not exist. It is true that an indebtedness of \$202,000,000 has been piled up by the present administration, but such increase of our indebtedness is the result of a fiscal policy inaugurated by Mr. Harrison and his secretary, Mr. Foster, not by Mr. Cleveland. In 1889, when Mr. Harrison was inaugurated, the gold reserve in the treasury stood at nearly \$100,000,000. When he turned the administration over to Mr. Cleveland, Mr. Carlisle found but little more than the traditional \$100,000,000 of gold in the treasury and available for redemptions. The Republican party was only saved from inaugurating the policy of replenishing the gold reserve by borrowing by the opportune ending of the administration of Mr. Harrison, which enabled Mr. Foster to shift the responsibilities that confronted him on the shoulders of Mr. Carlisle. It was Mr. Foster, not Mr. Carlisle, who sowed the seeds of financial chaos.

The Record and News-Democrat might truthfully have added that many of those demagogues who denounce Cleveland and Carlisle are the very Democrats who have refused all along to give the present administration the support it was justly entitled to receive from them. Messrs. Cleveland and Carlisle had to labor for months to get a Democratic Congress to repeal the Sherman law that had brought about this "financial chaos," and then when the so-called Democratic Congressmen, after frittering away months, finally passed a tariff measure, it was one that President Cleveland could not approve. These Democratic demagogues and politicians are the ones to be kicked and "cussed," not Cleveland and Carlisle.

HON. GEO. W. SULSER A CANDIDATE FOR COUNTY JUDGE.

To My Fellow Citizens of Mason County: Some months ago, and more recently also, by publications in the EVENING BULLETIN, I have been requested to become a candidate for the office of County Judge upon the Democratic ticket. Many friends throughout the county have at sundry times made similar requests of me. These expressions of esteem and good will coming from those among whom I have spent my life are certainly very gratifying to me. I would be glad to be honored with a nomination and election to the office, and therefore in compliance with these requests, and as an expression of my own desire for the place, I hereby announce myself as a candidate for nomination for the office of Judge of the Mason County Court. Should it be my good fortune to secure the nomination and election, it shall be my earnest endeavor to devote to the office in the discharge of its duties that faithfulness which I have in times past endeavored to give to the places of trust with which you have honored me. Having thus declared myself as a candidate for your suffrage, I appeal to my fellow citizens throughout the county for their aid and support. Respectfully,
 GEO. W. SULSER.

A REPUBLICAN ROW.

Governor Bradley and Attorney General Taylor Having a Scrapping Match—The A. P. A.'s.

[Cincinnati Enquirer.]
 FRANKFORT, Ky., July 2.—The fact that R. O. Newman, of Nelson County, a guard at the Frankfort Penitentiary, was relieved from duty July 1 was a very small event, but it promises to raise a considerable row among the present Republican Sinking Fund Commissioners, who had him appointed, and may end in all the Catholic Republicans deserting the party.

Before Newman was appointed he had been living in Louisville for some time, and his friends say that his appointment was urged by the Catholic Republicans of Louisville as a kind of test to see if the Bradley administration would absolutely refuse to appoint a Catholic to any office. When given the appointment Newman asked if it was a temporary place or permanent and for a full term. He was told it was during good behavior or till another administration came in. With this understanding he accepted it, and when Warden Nell told him some days since that he would have to quit he was dumfounded.

He made a personal appeal to the Commissioners, but they said an order had been passed to reduce the number of guards, and it was Mr. Newman's misfortune that he was one of two men who walked the plank.

All sorts of stories are being told as to the ins and outs of the matter, and charging this or that Commissioner with being friendly to the A. P. A., and anti-Catholic. The matter reached its first climax yesterday afternoon, so the gossips say, and it took place in the Governor's office. The story goes that Gov. Bradley sent for Newman yesterday, assured him he was his friend, wanted him retained, and asked him why he believed that he (the Governor) had caused his removal. Then Newman told the Governor that the Attorney General had told him. The Governor brought the Attorney General back with him, and asked Newman to repeat what the Attorney General had told him. Newman repeated it, and the Attorney General denied that he had ever said it, and denounced it as untrue.

Newman, who is a one-armed man, said that he was sick, and, for the first time in his life, would let the lie go unresented. Newman's friends say he has documentary proof of some of the promises that have been broken, and will tell some disagreeable things at the proper time. It is intimated that he can prove the order reducing the number of guards was a mere make-shift to give the Warden an excuse to fire Newman.

It is an open secret that there have been strained relations between Gov. Bradley and Attorney General Taylor for some time; in fact, ever since it was charged last winter that Bradley helped to knife Taylor's best friend, Dr. Hunter. If Newman can substantiate the claim that he was turned down because he is a Catholic it will mean several hundred votes against the Republican ticket in Louisville this fall.

There were a good many present at prayer meeting Wednesday night. Singing was splendid. It was heard distinctly over a mile.

Some Maysville parties in crossing Licking river came very near losing their horses, as they both got down and would have drowned, but for the presence of mind of the driver who help up their heads until assistance arrived.

MARINE DISASTER.

A Steamer Destroyed by Fire in the Middle of Lake Ontario.

OSWEGO, N. Y., July 6.—An unusual marine disaster occurred yesterday off Oak Orchard and in the middle of Lake Ontario. Steamer Samuel N. Hodge of Buffalo, bound from Cleveland to Prescott with 600 tons of wire caught fire. Steamer St. Joseph, Captain John Prenton, Oswego, sighted the burning steamer and was soon beside her. For over an hour the St. Joseph kept two streams playing upon the burning craft but to no purpose and to avoid being burned to death those on board the Hodge jumped into the lake. All were picked up by the St. Joseph's crew. The fire originated near the boiler during Fireman Deely's watch, and he is supposed to have been cremated. The Hodge was commanded by Captain Lewis Elliot of Detroit. It was owned by the Farrell Brothers of Buffalo and was rated "A 2." It was valued at \$25,000, and insured for \$18,000. The cargo was valued at \$7,000 and was insured.

CAUGHT IN A SQUALL.

Ten Pleasure Crafts Capsized and Artist Charles Shuck Drowned.

SANDESKY, O., July 6.—A windstorm of terrific velocity, accompanied by a heavy downpour of rain struck this port Saturday afternoon, and about 20 pleasure crafts were caught in the squall which raged on the lake for about half an hour.

Ten boats were capsized and the occupants had a narrow escape from drowning. A yacht race between the Dawn of this city and the Shamrock of Cleveland was in progress when the storm came up, and Charles Shuck, an artist of national repute, was washed overboard and drowned.

Shuck, who is an enthusiastic yachtsman, was on the Shamrock and the boats were coming to the stake boat. Shuck was struck by the sea, which went over the yacht. He sank immediately in about 60 feet of water. His companions were unable to lend assistance. Shuck leaves a wife and one child.

THE FOURTH.

Grand Picnic Under the Auspices of Washington Camp, P. O. S. A.

The 4th at Maysville passed off quietly. Some flags and bunting were hung to the breeze by the business houses and stores closed at 1 p. m. Washington Camp No 3, P. O. S. A., had charge of the celebration this year and had advertised a good program for the day.

Our banks and public offices closed and business generally was suspended throughout the city. Early in the forenoon the streets filled up with a good crowd anxious to see the promised street parade. The Maysville band went to Ripley and the parade was delayed for the Ripley band to come on the morning train. The procession began to move about eleven o'clock, starting from the Washington Camp hall in the Cox Building over the postoffice.

The parade was led by some one impersonating "Uncle Sam," who was dressed like all the pictures seen of that well known national character. "Uncle Sam" proved quite a card and caught the attention of the small boys who kept closer to him than to the band which followed "Uncle Sam." Following the band was a wagon decorated with flags and bunting and filled with beautiful girls, and guarded by a body guard dressed in Continental costume who walked on either side of the wagon. Captain Thomas A. Davis, who read the Declaration of Independence, and Colonel W. LaRue Thomas, who was orator of the day, next appeared riding in a carriage. Following the speaker's carriage appeared the members of Washington Camp marching two by two.

The attendance at the fair grounds was not as large as expected.

Colonel Thomas' speech was full of patriotism and like all his efforts very good indeed.

The balloon got off all right, and landed in the Ohio river where Logan Cook and his party rescued the "Queen of the air."

Notice to Sunday School Workers.

The officers of the Mason County branch of the Kentucky S. S. Union wants to begin work in earnest with the view of having each home in the county visited for the purposes of taking the census of the county, to ascertain just how many children there are in the county who attend Sunday school and other facts necessary to a complete organization and for a thorough understanding of the field. To this end we wish to secure one person in each public school district in the county who will volunteer to canvass that district. Ladies can do this work equally as well as men. Where the work is too much for one person you can secure the assistance of your friends. Upon application we will forward the necessary blanks and instructions. If you have the good of the youth of your county in view you can serve them in no better way than this. We hope to have a goodly number respond at once. This applies to the city of Maysville as well as the country districts. Address, giving number of school district, E. Swift, Secretary, or John Duley, President, Mason County branch of Kentucky S. S. Union, Maysville, Ky.

The Congressional Race.

Cincinnati Enquirer, July 2nd: "Dr. M. Dills, a prominent physician of Carlisle, Nicholas County, Ky., is at the Grand. He takes a hand in politics and expressed the opinion that Colonel W. La Rue Thomas, of Maysville, would get the Democratic nomination, and redeem the district from Congressman Pugh and Republicanism, by 1,500 majority. Colonel Thomas, he thinks, is the only Democrat who can carry the district. He has never mixed up in politics, has no antagonisms, and is very popular. Colonel Thomas is Eminent Grand Commander of the Knights Templars of the United States."

Declared Off Was This Trade.

Flemingsburg Times-Democrat: "Tuesday morning a citizen of the eastern end of the county came in with a load of vegetables, berries, etc., among other things having a lot of whortleberries, commonly known as 'luckleberries.' He sold them to Colonel T. M. Fleming for the delectation of the boarders at the Merchants Hotel, but when Colonel Fleming tendered him payment in silver coin he indignantly refused to take it, declaring that he didn't want any your durned free silver, and he would not take it. The trade was declared off."

MAYSVILLE AT KNOXVILLE.

Good Ball—Close Games and Maysville Leading—Ball Notes.

The Maysville club played good ball at Knoxville last week and won three out of four games. The score in the opening game stood 1 to 0 in our favor.

Friday afternoon the score was Maysville 3, Knoxville 1. Hits—Maysville 10, Knoxville 4. Earned runs—Maysville 1. Errors—Maysville 1, Knoxville 5. Batteries—Newton, Kellner, Sanders, Gibson. Home runs—Kellner, Curle.

The afternoon game Saturday was a good one. Maysville made three runs and Knoxville two. Hits—Maysville 9, Knoxville 9. Errors—Maysville 2, Knoxville 3.

Knoxville people would have more ball and the two clubs will cross bats again to-day and to-morrow.

Our club will arrive home on the 10 o'clock train Wednesday morning accompanied by the Knoxville team.

The hot contest for supremacy between these two clubs will be renewed with double vigor at the Maysville ball park, and if you want to see ball, that is ball, don't fail to witness the coming games. The Knoxville team is a strong one and will play to win. Give these star local games this week a big attendance.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel P. Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 33 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Charles H. Pitcher* is on every wrapper.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
